My Dearest Daughter

Your article on the Empress is very beautifully conceived, and elegantly written — I am proud of it, and heartily felicitate You. —

It shall be set in large type with plenty of interline heads, as you suggest.

Your Mother says that she does not understand the sleeves , you examine them, if right, ~~use~~ ^{them} on the machine (if you can), otherwise she will do it by hand.

She will try to go up to your house, this evening, to see you about it.

She is very well, sends much love to both of you; I join her in it, and send you a kiss and a blessing
