

Rio, June 5<sup>th</sup> 1890

My Dearest Father,

In one of my pre-  
ceding letters, in which I told  
you all about my long pending  
land claims in Haukauna  
I explained  
~~and explaining~~ all about your  
rights to them as tenant by the  
country. I now inclose you two  
deeds that I would be very glad  
you should execute. As you will  
see they will simplify our legal  
matters for us and save an immen-  
se amount of trouble and time,  
as we had succeeded in bringing

x as they know you all personally and by having long worked in editorial matters with you they are well acquainted with your handwriting.

matters to a "focus"

Of course you will do as you deem best and whatever decision you take, will be accepted by us in loving thought. Should you be unable to sign the indenture - the quit-claim will probably do as our friends Mrs. Hewitt, Carlos Santos and Robert Keniman Benjamin, all gentlemen and men of honour will testify to the genuineness of your <sup>writing and</sup> signature. I am told that in the wilds of Chubut there is no American Consul or Agency of any sort.

These deeds and letters will be forwarded by me to our mutual friend Dr. Salzano who has kindly

Consented to send them to their proper address.

Coaracy and Tivado both send you most loving messages and hope you are in health and happiness, we all live in hopes of seeing you soon, & though you have not written of late I feel confident that you will not forget your promise when en route to your lengthy voyage beyond seas and lands.

Good-bye, my dear, dear Father, we all kiss you a thousand times and beg you to bless your children.

Your loving daughter  
Corinna
